

Matthew Perez

City State, Zip | xxx-xxx-xxxx# | alex.xxxx.xxx@xxxx.com | linkedin.com/in/mxxxxx-xxxx

Objective:

Driven first gen Computer Information Systems student with a diverse background in programming, data analysis and technical problem-solving. Seeking an opportunity to apply multidisciplinary skills to real-world engineering challenges.

EDUCATION

University of South Carolina (USC), Columbia, South Carolina

EXPECTED MAY 2028

Pursuing Bachelors of Science in Computer Information Systems Engineering

- A general member of SHPE engineering group.
- Participated in intermural sports such as Indoor and Outdoor Soccer

EXPERIENCE

Boeing, North Charleston, South Carolina

June 2022 – August 2022

Intern for Quality Engineering

- Shadowed and assisted engineers in final assembly operations, gaining hands-on exposure across multiple facilities including the aft body, mid body, final assembly, paint shop, and flight line.
- Conducted inspections on newly assembled aircraft, identifying deficiencies and coordinating corrections with manufacturers.
- Collected and organized incident and defect data into a navigable, sortable database to improve tracking and analysis of aircraft issues.

Steel City Co, North Charleston, SC

October 2021 – May 2022

Expo, Food Runner, Customer Service Representative

- Managed high-volume service while maintaining attention to detail and customer satisfaction.
- Maintained professionalism in high-pressure situations, ensuring a positive customer experience.
- Assisted customers by addressing inquiries, resolving issues, and providing product/service information.
- Assisted floor and kitchen operations according to SCDHEC guidelines in order to ensure that the store was running each shift smoothly

Folly Beach Chair Co, Folly Beach, SC

June 2025 – August 2025

Beach Operations Associate/ Inventory Associate

- Operated utility vehicles to transport and set up beach equipment.
- Managed rentals and payments while providing friendly, attentive customer service.
- Prepared and arranged chairs and umbrellas for daily guest use.

SKILLS

Project Management & Team Collaboration Data

Organization and coding via Microsoft Excel

Novice in Java, MATLAB, AutoCAD

and Python Programing

Problem-Solving & Critical Thinking
